Shelly Manke

Testimonial

Here's what we've heard from recent program participants and their families:

“It is impossible to express in a few words how we feel about the changes in our son and our family since the Bar None experience. It saved our son's life.”

Bar None Residential Treatment

Building Hope for Youth and Families

- Males 12-18

MINNESOTA

Uplift All Lives

What We Do

Located on 700 expansive acres among lakes, woods and walking paths, Bar None is a residential facility 45 minutes from the Minneapolis/St. Paul metro area that provides a continuum of treatment and stabilization services for males ages 12–18 with emotional and behavioral problems.

Stabilization Program

- Males ages 10-18

Short-Term Stabilization

- Youth in crisis or transition
- Safe and supportive environment

Long-Term Stabilization

- Two to six month average placement
- Stabilization of behavior and life skill development
- Extensive individual and family therapy
- Aftercare Services – intensive six month follow-up

Evaluation Program

- Males, ages 11–18
- Five week program (35 day stay)
- Medical screening
- Behavior assessment
- Psychological testing–optional Rule 25
- Psychiatric services
- Bio/social/family assessment
- Discharge diagnosis
- Placement recommendations

Treatment Program Units
