DESCRIPTION OF SERVICE-LEARNING PROGRAM: Service is at the heart of expeditionary learning. Schoolcrafter students are encouraged to find “problems worthy of solving” within their expedition focus, and to create products that will live outside of the school for a broader audience. Younger students service projects are developed by teachers; as students get older, they are asked to take on the planning role of service to school, service to the community, and service to the world. Service projects are included in our curriculum maps with each expedition.

DESCRIPTION OF SCHOOL TRANSPORTATION PLAN: Schoolcraft Learning Community contracts for transportation from ISD 31, Bemidji School District.

DESCRIPTION OF SCHOOL FACILITY PLAN: Schoolcraft’s campus has 27 acres of forest and two buildings. Currently, one building houses K-5, and the other building houses 6-8. There is also a gym/cafeteria, a full kitchen, a learning corridor/assembly space, and music and art classrooms.

FUTURE PLANS: In the future, SLC plans to work with an affiliated building corporation to continue to operate on this property. We also have plans to expand to 250 students over the next several years.

FINANCIAL MANAGEMENT AND BUDGET: The Board will have a standing Budget and Finance Committee which will be tasked with ensuring the school’s financial plans are prepared for launch. The school’s fiscal year will run from July through June each year, and the final budget will be approved no later than the June Board meeting annually. Budgets will be designed to yield positive net income each year to strengthen the school’s fund balance.

Introduction

As a leading authorizer, Volunteers of America–Minnesota builds its portfolio of high-performing charter schools by only selecting proposals with a strong potential for success. It then ensures that such potential is realized through a unique system of accountability that begins even before a school opens its doors.

VOA-MN is committed to fulfilling its role as a charter school authorizer by holding its schools accountable for a range of results. The accountability system presented in this document ensures that VOA-MN will uphold its legal obligation to make sure the schools it authorizes are reaching (or making adequate progress toward) the goals and benchmarks outlined in its charter contract and Minnesota statute.

VOA-MN uses a standard charter contract with unique school-specific terms that capture different approaches to achieving student success. The individuality of each school will be preserved in the “Academic Program Description” addendum to the charter contract.

Volunteers of America of Minnesota Accountability Plan

According to Minnesota Statute § 124E.01, subd.1, *The primary purpose of charter schools is to improve all pupil learning and all student achievement.* VOA-MN holds the schools it authorizes accountable in five major areas: academic

performance, fiscal management, board governance, management and operations, and legal compliance. Each area may have multiple indicators of success and the charter school's performance on each indicator will be rated as:

- Does Not Meet Standard
- Partially Meets Standard
- Meets Standard

Rating Scale: For each standard, a school earns points for contract renewal as follows:

- 0 = Does Not Meet Standard
- 1 = Partially Meets Standard
- 2 = Meets Standard

Weighting of Performance Measures used during the contract renewal process is as follows:

- 50% weighting: Academic Program (statutory purposes, including primary purpose)
- 20% weighting: Financial Sustainability
- 30% weighting: Organization
 - 15% governance
 - 15% management & compliance

Combining Data Over the Contract Term

Annual school performance results will be combined each successive year of the contract term wherever possible so that fluctuation due to small group size will be minimized and overall performance is accurately reflected.

Contract Renewal Eligibility

VOA-MN schools must achieve at least a Satisfactory Rating (70% of points possible) in the Performance Framework overall and meet the majority of standards in each performance area (Academic, Financial, Organizational Performance) to be eligible for a three-year contract renewal and at least an Exemplary Rating (80% of points possible) in the Performance Framework overall and meet the majority of standards in each performance area to be eligible for a five-year contract renewal. All contract renewals will be for either three or five years. Fewer than three years does not provide enough information on which to make a renewal decision.

Progress meeting VOA-MN Standards is monitored and communicated to schools annually through the school Formal Site Visit Reports and three VOA-MN Charter School Network Reports (academic, finance, governance) and the school specific Annual Scorecards. Renewal contract length is based on an average of school's performance over the term of the contract. Renewal decisions for a three-year or five-year contract term will be based on two and four fiscal years of data respectively.

If a school is performing below standard to receive a three-year renewal contract but has agreed to the authorizer terms and conditions set forth in the School Improvement Plan to correct areas of deficiency, VOA-MN may agree to extend a school's contract (not to exceed five years) to provide additional time for a school to improve performance as an alternative to termination. If sufficient school improvement is not being made by the end of the 1st year of the extension, termination proceedings will commence.

The following is an example of a five-year contract term renewal calculation:

ANNUAL AND CONTRACT RENEWAL CALCULATIONS TABLE					
	YR 1 Rating	YR 2 Rating	YR 3 Rating	YR 4 Rating	Average Rating
ACADEMIC (50%)	%				
FINANCE (20%)	%				
ORGANIZATION (30%)					
BOARD GOVERNANCE (15%)					
MANAGEMENT OPERATIONS (15%)					
TOTAL					

CUMULATIVE TOTAL AVERAGE

Intervention and Corrective Action

VOA-MN schools that, prior to their year of contract renewal, fall below a Satisfactory Rating in the Performance Framework overall and/or in any performance area (Academic, Finance, Governance, Management/Operations) must enter into a School Improvement Plan that addresses the specific standards in the Performance Framework where the school performance is below Satisfactory.

Closure Plan

If the school does not meet the terms of the School Improvement Plan and attain a Satisfactory Rating by the end of the contract term, the school is a candidate for nonrenewal. If the school’s contract is not renewed, the school must implement the Closure Plan as described in the school’s charter contract.

Three essential questions guide our VOA-MN authorizer oversight and charter school accountability plan.

- **ACADEMIC PROGRAM PERFORMANCE - Is the school’s Learning Program a Success?**

Academic Performance- All public schools, including charters, must fully participate in the state assessments - Minnesota Comprehensive Assessments. Data from state assessments as well as Title 1 Designation consistent with the state North Star system will be compiled and evaluated in the Annual VOA-MN Authorized Charter Schools Academic Performance Report by the authorizer. Charter schools are required to meet the academic performance standards for which they agree to be held accountable in their charter contract. The extent to which a school is meeting their Comprehensive Achievement and Civic Readiness requirements, and additional statutory purposes are also measured in the Learning program section.

The VOA-MN Charter School Authorizing Program publishes annually an Academic Performance Report on their network of authorized charter schools. The report serves as a single annual source of academic program and performance information for all of our VOA-MN operational charter schools. The report contains an analysis of annual and cumulative academic program, performance, and professional development data for each school.

Content from the annual Academic Performance Report also serves as the basis for the school academic performance analysis contained in the statutorily required Contract Renewal Evaluation Reports, including evaluation of the extent to which the school has met their primary purpose, “to improve the learning, achievement, and success of all students” during the contract term.

The VOA-MN determined academic performance standards contained below are uniform for all VOA-MN charter schools. The standards are contained in VOA-MN Charter Contract Addendum B (School Accountability and Authorizer Oversight System) and serve as the basis for both annual authorizer monitoring of school academic performance and contract renewal determinations. *The authorizer reserves the right to have flexibility to reasonably amend these standards /expectations as needed (example: based on cell size being to small).*

VOA-MN’s academic performance standards/expectations include the following:

Academic Standard 1 - Students are performing well on state examinations in comparison to students at schools they might otherwise attend (with similar demographics) as evidence of meeting their primary statutory purpose of improving the learning, achievement, and success of all students. Imbedded Comprehensive Achievement and Civic Readiness Report standard. A school may also use a nationally normed exam as a supplemental indicator. The “comparison” group will be the nationally-normed group. Data Source: Evidence / Source: Minnesota Department of Education. Scale:

- 2 = School’s average proficiency rate exceeds the average performance of students in schools they might otherwise attend.
- 1 = School’s average proficiency rate meets or exceeds the average performance of students in schools they might otherwise attend in one or two subjects (math, reading and science) but not all three.
- 0 = School’s average proficiency rate is less than the average performance of students in schools they might otherwise attend.

Academic Performance Standard 2 - Over the term of the contract, the school will maintain an average state-determined minimum achievement level of (Improved + Maintained) in math and reading as evidence of meeting their primary statutory purpose of improving the learning, achievement, and success of all students. Evidence / Source: North Star Academic Progress A school may also use a nationally normed exam as a supplemental indicator. The minimum growth level will be the nationally-normed expected growth. Scale:

2 = School's achievement level of "increased and maintained" is equal to or higher than the statewide average in both math and reading.

1 = School's achievement level of "increased and maintained" is equal to or higher than the statewide average in either math or reading but not both.

0 = School's achievement level of "increased and maintained" is below the statewide average in both math and reading.

Alternative Standard 2 for school's grades 9-12 only

Academic Standard 2 (alternative) - Over the term of the contract, the school's four-year adjusted cohort graduation rate will remain above 80%. *Imbedded Comprehensive Achievement and Civic Readiness Report standard: All students graduate from high school. Evidence / Source: Minnesota Department of Education. Scale:

2 = School's four-year adjusted cohort graduation rate is 80% or higher.

1 = School's four-year adjusted cohort graduation rate is between 75.1%-79.9%.

0 = School's four-year adjusted cohort graduation rate is below 75%.

Academic Standard 3 - The difference between the "all-students" proficiency rate in the School and any reportable student group proficiency rate will be reduced over the term of the contract in both reading and math using state examination data as evidence of the School meeting their primary statutory purpose of improving the learning, achievement, and success of all students. Imbedded Comprehensive Achievement and Civic Readiness Report standard: all racial and economic achievement gaps between students are closed. Evidence / Source: Minnesota Department of Education. A school may also use a nationally normed exam as a supplemental indicator. Scale:

2 = The difference between the "all-students" proficiency rate and all student group proficiency rates has been reduced.

1 = The difference between the "all-students" proficiency rate and at least one student group proficiency rate has been reduced.

0 = The difference between the "all-students" proficiency rate and all reportable student group proficiency rates has increased.

Academic Standard 4: All teachers are supported through a school-wide professional development plan that is based on analysis of assessment data and directly linked to improving the learning, achievement, and success of all students. Data / Source: The teacher development plan submitted to VOA-MN by September 1. VOA-MN needs a copy of the report to evaluate this standard. Scale:

2 = The school has adopted and followed a school-wide, data-driven professional development plan.

1 = The school has a school-wide professional development plan, but the reviewer could not conclude that the plan was tied to data-driven decision-making.

0 = The school has not adopted a school-wide professional development plan.

Academic Standard 5: The school is meeting their additional purposes (MS 124E.01, Subd 1; Charter Contract Addendum B). Data Source: School Annual Report. Scale:

1 = The school has a plan for meeting their additional statutory purposes and is partially meeting them.

0 = The school does not have a plan for meeting their additional statutory purposes and measuring progress.

Academic Standard 6: The school is meeting the Comprehensive Achievement and Civic Readiness goals (MS 120B.11; Charter Contract Addendum B). Data Source: School Annual Report. Scale:

2 = The school has a plan for meeting their Comprehensive Achievement and Civic Readiness (CACR) goals. The school met all its CACR goals as reported in the annual summary report submitted to MDE by the deadline established by MDE.

1 = The school has a plan for meeting their CACR goals. The school met some, but not all its CACR goals as reported in the annual summary report submitted to MDE by the deadline established by MDE.

0 = The school does not have a plan for meeting their CACR goals. The school did not meet any of its Comprehensive Achievement and Civic Readiness goals as reported in the annual summary report submitted to MDE by the deadline established by MDE; or did not submit the annual summary report to VOA-MN.

• **FINANCIAL SUSTAINABILITY – Does the School Exhibit Strong Financial Health?**

Charter schools receive public funds and must meet generally accepted standards of fiscal management. It is VOA-MN's duty to ensure that the schools are responsible stewards of public funds. The charter school shall provide VOA with a copy of its draft and final annual budgets and monthly cash flow projections for each fiscal year by July 1 of each fiscal year. VOA-MN shall use submitted budget and cash flow statements, along with any other relevant information, to determine if the charter school has a realistic balanced budget plan for the current year. VOA-MN shall use the financial statements presented in the charter school's annual financial audit, along with any other relevant information, to determine if the charter school maintained a balanced budget during the prior-year. Schools are expected to have audits that are free of all findings.

The VOA-MN Charter School Authorizing Program publishes annually a School Financial Oversight Report on their network of authorized charter schools. The parties acknowledge that the Minnesota Charter Schools Law requires a charter school to meet generally accepted standards of fiscal management. This requirement has two underlying purposes: to monitor the financial health of the school and compliance with state and federal laws, including proper use of public funds. The report will contain an evaluation of school performance meeting the VOA-MN financial standards.

The VOA-MN determined school financial standards contained below are uniform for all VOA-MN charter schools. The standards are contained in VOA-MN Charter Contract Addendum B (School Accountability and Authorizer Oversight System) and serve as the basis for both annual authorizer monitoring of school financial health and contract renewal determinations. The authorizer will monitor school performance meeting these standards on an ongoing basis and the standards will be evaluated in the annual VOA-MN Network Finance Report. The standards also serve as the criteria for contract renewal determinations. *The authorizer reserves the right to have flexibility to reasonably amend these standards /expectations as needed (example: fund balance standard may be negotiated based on school length of operation or size).*

SCHOOL BOARD GOVERNANCE & OPERATIONS - Is the organization effective and well run?

- SCHOOL BOARD GOVERNANCE
- SCHOOL MANAGEMENT AND OPERATIONS

• **SCHOOL BOARD GOVERNANCE**

Effective board governance is essential to the successful start-up and operation of a public charter school. The diversity of charter school board memberships – teachers, parents, community leaders, and volunteers – heightens the importance of consistent expectations and development activities.

The authorizer regularly monitors the performance quality of the school board based on authorizer observations; interviews with the director, board and faculty; and the review of school policies, reports and board meeting minutes. A school must have a governance model that provides quality oversight by ensuring that there are checks and balances between the board and the school administrators.

A school board is responsible for developing, implementing, and assessing policy; defining sound employee relations; conducting open meetings; recognizing and conforming to the legal mandates imposed by state and federal laws; and governing within the limits of a delegation of state authority – as a nonprofit and public-school board. Additionally, the board has an obligation to assess its successes and failures; inform the public of all deliberations and decisions; promote accountability; enhance public understanding of its mission; conform to standards of ethical behavior; provide a framework for setting goals; and develop strategic plans for the accomplishment of those goals.

The VOA-MN Charter School Authorizing Program publishes annually a School Board Governance Report on their network of authorized charter schools. The purpose of this report is to be a single annual source on the board operations and compliance of the eighteen VOA-MN- authorized charter schools. Authorizer VOA-MN also observes a minimum of two school board meetings annually.

The VOA-MN determined school board governance standards contained below are uniform for all VOA-MN charter schools. The standards are contained in VOA-MN Charter Contract Addendum B (School Accountability and Authorizer Oversight System) and serve as the basis for both annual authorizer monitoring of school board performance and contract renewal determinations. The authorizer will monitor school performance meeting these standards on an ongoing basis and the standards will be evaluated in the annual VOA-MN Network Governance Report. The standards also serve as the criteria for contract renewal determinations.

Legal and Contractual Compliance - Charter schools are required to follow many state and federal laws pertaining to all public schools and are expected to uphold all provisions of the charter school contract. VOA-MN expects compliance with legal and contractual obligations. Each VOA-MN authorized charter school shall maintain a Compliance Binder on site that includes VOA-MN defined evidence of compliance with state and federal statutes organized in the manner prescribed by VOA-MN. Additionally, VOA-MN authorized charter schools shall submit information to the authorizer in accordance with the VOA-MN prescribed Annual Submission Calendar. Management and operations of the school will be monitored by the authorizer and reported in the Formal Site Visit Report and additionally as needed. *This section is*

not scored individually. The compliance binder and submission calendar are systems for ongoing monitoring of school performance and compliance and compliance requirements are imbedded in previous sections.

ONGOING AUTHORIZER SCHOOL MONITORING

SITE VISITS

One of the most important ways VOA-MN gathers information about the schools it authorizes is through on-site visits. Site visits allow the authorizer to observe the school and engage in discussions with school management. VOA-MN conducts two different types of site visits: Formal and Informal.

- **Formal Site Visit-** Formal Site Visits are typically conducted once per year by a member of the VOA-MN Authorizing Program Leadership Team who interviews key stakeholders and conducts observations. Written feedback is provided to the Board of Directors and school leadership guided by the Site Visit Rubric. VOA-MN staff will provide formal written feedback summarizing observations. The feedback will identify areas of strength and areas that require improvement. If a more serious issue arises from a site visit, VOA-MN may implement an intervention based upon the “Range of Interventions” table.
- **Informal Site Visit-** VOA-MN may conduct informal site visits at any time to fulfill its duties as an authorizer. Reasons for informal site visits may include: investigation of a complaint, determination of readiness to open, follow up on implementation of improvement plans, or documentation of best practices. These visits are typically less formal and may be without notice.

BOARD MEETINGS

Another important component of VOA-MN authorizer oversight is board meeting observations conducted at least twice per year and more often for schools within their first two years after initial charter approval. Authorizer VOA-MN uses the Board Meeting Observation Rubric and provides timely feedback to the school boards. VOA-MN also closely monitors the monthly board meeting minutes and financials of each authorized school and provides feedback to the school as needed.

SCHOOL PUBLISHED ANNUAL REPORTS

The Charter School Law (Minn. Stat. 124E.16) includes requirements for a charter school annual report. Additionally, VOA-MN requires that annual reports include specific elements defined by VOA-MN annually. VOA-MN required elements include how the school is performing based on the three essential questions: Is the student learning program a success? Does the school exhibit strong financial health? Is the organization effective and well-run? The final draft be board approved and posted to the school’s official website. The VOA-MN Annual Report criteria may contain the Comprehensive Achievement and Civic Readiness Report.

AUTHORIZER PUBLISHED SCHOOL PERFORMANCE REPORTS

In addition to the Formal Site Visit Report that each school is provided, VOA-MN will also annually publish three VOA-MN Charter School Network Reports: Academic Performance, Board Governance, and Financial Management. Each school also receives a VOA-MN Annual School Scorecards that measures the extent to which the school is meeting VOA-MN performance standards and “on-track” for renewal. The cumulative purpose of these reports is to assess the ongoing performance of VOA-MN authorized schools regarding academic success, financial sustainability, and organizational effectiveness. The combination of school performance based on the three VOA-MN Annual School Performance Reports / Scorecards, annual Formal Site Visit Reports, informal site visit observations, authorizer observations of board meetings, and ongoing monitoring of school reporting and compliance provides an accountable oversight mechanism for the authorizer, schools, and other organizations. This collective body of evidence will also form the basis for contract renewal decisions.

ANNUAL VOA-MN SUBMISSION CALENDAR

The authorizer will publish an “Annual Submission Calendar” no later than July 1st annually. The Annual Submission Calendar is a document that contains deadlines for various submissions required by the state and/or authorizer VOA-MN and serves as a primary source for evidence of school compliance with statute and VOA-MN standards. The authorizer monitors school compliance with submission calendar deadlines.

ADDENDUM B.III.

Charter School Contract Renewal and Revocation Process

Renewal Process

Volunteers of America-Minnesota (VOA-MN) views contract renewal as an on-going process that is engaged in by the Board of Directors, school leadership, and the authorizer throughout the entire life of the school's contract with its authorizer. This process culminates in the authorizer publishing an end of contract evaluation report.

End-of-Term Evaluation

VOA-MN publishes an end-of-contract evaluation report based on information, observations and documentation accumulated throughout the length of the contract. The evaluation is an opportunity to determine the extent to which the school is meeting VOA-MN's expectations of a high-quality charter school. More specifically, we assess the school based on the following three central questions:

- 1) Is the student learning program a success? (Academic Performance)
- 2) Does the school exhibit strong financial health? (Financial Management)
- 3) Is the organization effective and well-run? (Board Governance, Management and Operations, Compliance)

We quantify the school's progress in each area (academic performance, governance, financial management / health, and management/operations) using the system described in B.I. (Rating Scale and Weighting of Performance Measures).

VOA-MN will complete a draft of its end-of-term evaluation of the school and submit the draft for review and comment by school leadership and the board. VOA-MN will then make changes, if necessary, and resubmit a final evaluation and decision of renewal to the school's board. Through ongoing monitoring and the renewal evaluation process, VOA-MN determines whether to renew its contract with the charter school and if so, for what length of time. Contracts can be renewed for up to five years.

Termination or Nonrenewal of a Contract

Consistent with Minn. Stat. 124E.10, Subd.4(b), VOA-MN may act to terminate or not renew a charter under the following grounds:

- (1) *failure to meet the requirements for pupil performance contained in the contract;*
- (2) *failure to meet generally accepted standards of fiscal management;*
- (3) *violations of law; or*
- (4) *other good cause shown.*

At least 60 days before not renewing or terminating a contract, the authorizer shall notify the board of directors of the charter school of the proposed action in writing. The notice shall state the grounds for the proposed action in reasonable detail and that the charter school's board of directors may request in writing an informal hearing before the authorizer within 15 business days of receiving notice of nonrenewal or termination of the contract. Failure by the board of directors to make a written request for a hearing within the 15-business-day period shall be treated as acquiescence to the proposed action. Upon receiving a timely written request for a hearing, the authorizer shall give ten business days' notice to the charter school's board of directors of the hearing date. The authorizer shall conduct an informal hearing before taking final action. The authorizer shall take final action to renew or not renew a contract no later than 20 business days before the proposed date for terminating the contract or the end date of the contract.

Contract Evaluation Report SCHOOLCRAFT LEARNING COMMUNITY Contract Term: July 1, 2018 – June 30, 2021

REPORT PURPOSE: This report was produced by the authorizer of SCHOOLCRAFT LEARNING COMMUNITY charter school in compliance with Minnesota Statute § 124E.10, Subd.3 (Review and Comment), which requires an authorizer to conduct a formal evaluation and report on the performance of a charter school before a charter school's contract is renewed for another contract term. Per state law, Volunteers of America-Minnesota (VOA-MN) regularly monitors and evaluates the performance of the school. VOA-MN views contract renewal as an on-going process that is engaged in by the Board of Directors, school leadership, and the authorizer throughout the entire life of the school's contract with its authorizer. Using the results of ongoing site school site visit reports, performance on the VOA-MN Annual Reports on Governance, Finance, and Academics, board meetings monitored, as well as the evaluation and observations from the end-of-term site visit, VOA-MN determines whether to renew its contract with the charter school and if so, for what length of time. Contracts can be renewed for up to five years.

SCHOOL DIRECTOR: Adrienne Eickman

PROGRAM DESCRIPTION: The Schoolcraft Learning Community is an Expeditionary Learning public charter school for the Bemidji area in north central Minnesota serving children in grades K-8. All traditional content areas are taught, organized and delivered through a focus on world languages and cultures, the workings of the natural world and the creative arts. In the science curriculum the school utilizes a hands-on component based on the local environment and local resources, such as Bemidji State Park, the Neilson-Spearhead Center and the Headwaters Science Center. The school opened in the fall of 2000.

The school was named after Henry Rowe Schoolcraft (1793-1864) who is recognized as the European "discoverer" (in 1832) of the source of the Mississippi River. He coined the name for Lake Itasca (combining the middle syllables of the Latin phrase "veritas caput" which translates roughly as "true source.").

CONTRACT RENEWAL DETERMINATION

Rating Scale: For each standard, a school earns points for contract renewal as follows:

2 = Meets Standard

1 = Partially Meets Standard

0 = Does Not Meet Standard

Weighting of Performance Measures used during the contract renewal process is as follows:

- 50% weighting: Academic Program (statutory purposes, including primary purpose)
- 20% weighting: Financial Sustainability
- 30% weighting: Organization
 - 15% governance
 - 15% management & compliance

Three essential questions guide our VOA-MN authorizer oversight and charter school accountability plan.

1. Academic Program Performance - Is the school's Learning Program a Success?

Academic Performance- All public schools, including charters, must fully participate in the state assessments - Minnesota Comprehensive Assessments. Additionally, the school shall annually complete a VOA-MN (authorizer)/School jointly approved interim assessment in reading and math. Data from state assessments as well as Title 1 Designation utilizing Multiple Measurements Rating (MMR) will be compiled and evaluated in the Annual VOA-MN Authorized Charter Schools Academic Performance Report by the authorizer. Charter schools are required to meet the academic performance standards for which they agree to be held accountable in their charter contract.

The VOA-MN Charter School Authorizing Program publishes annually an Academic Performance Report on their network of authorized charter schools. The report serves as a single annual source of academic program and performance information for all of our VOA-MN operational charter schools. The report contains an analysis of annual and cumulative academic program, performance, and professional development data for each school.

Content from the annual Academic Performance Report also serves as the basis for the school academic performance analysis contained in the statutorily required Contract Renewal Evaluation Reports, including evaluation of the extent to which the school has met their primary purpose, "to improve all pupil learning and all student achievement" during the contract term.

The VOA-MN determined academic performance standards contained below are uniform for all VOA-MN charter schools. The standards are contained in VOA-MN Charter Contract Addendum B (School Accountability and Authorizer Oversight System) and serve as the basis for both annual authorizer monitoring of school academic performance and contract renewal determinations. The authorizer reserves the right to have flexibility to reasonably amend these standards /expectations as needed:

ANALYSIS OF MATH MCA PROFICIENCY: SLC's MCA math proficiency results are shown in Table 1 and Figure 4. For the purpose of this report, proficiency results from Northern Elementary, grade 3, Gene Dillon Elementary, Grades 4-5, and Bemidji Middle School, grades 6-8, were combined to create a comparison score for SLC. SLC's math proficiency rate increased by over four percentage points from 2018 to 2019. The school has narrowed the gap between itself and the comparison school as well as the statewide average. In future years, it is expected that SLC will move toward meeting or exceeding the proficiency rates of the comparison school as well as that of the statewide average.

ANALYSIS OF READING MCA PROFICIENCY: SLC's MCA reading proficiency results are shown in Table 2 and Figure 5. For the purpose of this report, proficiency results from Northern Elementary, grade 3, Gene Dillon Elementary, Grades 4-5, and Bemidji Middle School, grades 6-8, were combined to create a comparison score for SLC. SLC's reading proficiency rate decreased by over four percentage points from 2018 to 2019. The school continues to perform below the combined local comparison school as well as the statewide average. In future years, it is expected that SLC will move toward meeting or exceeding the proficiency rates of the comparison school as well as that of the statewide average.

Academic Performance Standard 2 - Growth

Over the term of the contract, the school will maintain a minimum combined achievement level of 62.7% in math and 67.0% in reading on the North Star Academic Achievement Report (Improved + Maintained) as evidence of meeting their primary statutory purpose of improving all pupil learning and all student achievement.

Figure 6 – 2019 North Star Academic Achievement Level (Improved + Maintained)

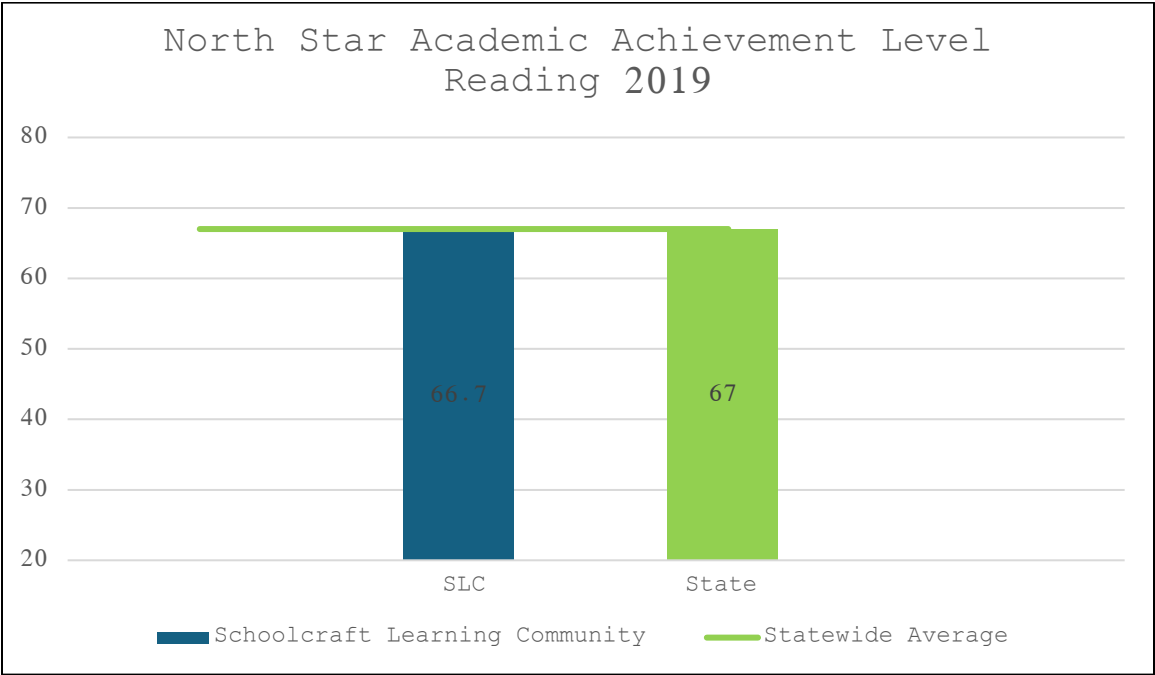

Figure 7 – 2019 North Star Academic Achievement Level (Improved + Maintained)

Academic Performance Standard 3 - Achievement Gap Reduction

The difference between the “all-students” proficiency rate in the School and any reportable student group proficiency rate will be reduced over the term of the contract in both reading and math using state examination or other agreed upon exam (i.e. NWEA) data as evidence of the School meeting their primary statutory purpose of improving all pupil learning and all student achievement.

VOA -MN Academic Performance Standards Evaluation

VOA-MN's academic performance standards / expectations include the following:

Standard 1: Students are performing well on state examinations or other agreed upon exam (i.e. NWEA) in comparison to students at schools they might otherwise attend (with similar demographics) as evidence of meeting their primary statutory purpose of improving all pupil learning and all student achievement.		
• Imbedded WBWF Standard: All third-graders can read at grade-level.		
X	2-Meets	School’s average proficiency rate exceeds the average performance of students in schools they might otherwise attend.
	1-Partially Meets	School’s average proficiency rate meets or exceeds the average performance of students in schools they might otherwise attend in one or two subjects (math, reading and science) but not all three.
	0-Does Not Meet	School’s average proficiency rate is less than the average performance of students in schools they might otherwise attend.
Evidence / Source: Schoolcraft Learning Community		

Analysis: Due to the global COVID-19 pandemic in 2020, spring testing in 2019 was unable to be performed. As a result, the student achievement data reflected here is from our fall to winter STAR testing in math and reading. It is important to note that the fall and winter tests were meant to be used for progress monitoring rather than summative assessments. Cut scores are based on what should be achieved at the end of a school year, rather than midway through, as these scores will denote. Put another way, the students shown in this table as achieving at or above grade level scores achieved this benchmark in half a year, rather than a full year. Schoolcraft has never reported on a half years' worth of achievement, and as such, this data should not be compared to prior years, and should only be used in the context of the pandemic.

Reading Grade Level	# of Students Tested (F/W)	% at Grade Level Fall	% at Grade Level Winter
1	30/32	13%	25%
2	20/20	40%	55%

5	16/16	44%	69%
6	19/19	37%	58%
7	11/10	45%	N/A
8	N/A	N/A	N/A
Overall	139/139	35%	50%
Math Grade Level	# of Students Tested (F/W)	% at Grade Level Fall	% at Grade Level Winter

Standard 2: Over the term of the contract, the school will maintain a minimum combined achievement level of 62.7% in math and 67.0% in reading on the North Star Academic Achievement Report (Improved + Maintained) as evidence of meeting their primary statutory purpose of improving all pupil learning and all student achievement.

	2-Meets	School's achievement level of "improved and maintained" is above 62.7% for math and 67.0% for reading.
X	1-Partially Meets	School's achievement level of "improved and maintained" is above 50%

	0-Does Not Meet	School's achievement level of "improved and maintained" is below 50%

Analysis: MCA's were not conducted in 2020 due to the COVID-19 pandemic. The results shown here reflect the 2019 MCA administration. Math 62.4, Reading 66.7		

STANDARD 2 ALTERNATIVE (for schools serving grade 9-12 only)

Standard 2 (Alternative): Over the term of the contract, the school's four-year adjusted cohort graduation rate will remain above 80%. *Imbedded WBWF Standard: All students graduate from high school.

	2-Meets	School's four-year adjusted cohort graduation rate is 80% or higher.
	1-Partially Meets	School's four-year adjusted cohort graduation rate is between 75% and 80%
	0-Does Not Meet	School's four-year adjusted cohort graduation rate is below 75%

Analysis:		

Standard 3: The difference between the "all-students" proficiency rate in the School and any reportable student group proficiency rate will be reduced over the term of the contract in both reading and math using state examination or other agreed upon exam (i.e. NWEA) data as evidence of the School meeting their primary statutory purpose of improving all pupil learning and all student achievement.

- **Imbedded WBWF Standard: all racial and economic achievement gaps between students are closed.**

	2-Meets	The difference between the "all-students" proficiency rate and all subgroup proficiency rates has been reduced.
X	1-Partially Meets	The difference between the "all-students" proficiency rate and at least one subgroup proficiency rate has been reduced.
	0-Does Not Meet	The difference between the "all-students" proficiency rate and all reportable subgroup proficiency rates has increased.
Evidence / Source:		

Analysis: MCA's were not conducted in 2020 due to the COVID-19 pandemic. The results shown here reflect the 2019 MCA administration. A score of "partially meets" was awarded because the gap between all reportable subgroups and the all students group was reduced in one out the possible three categories from 2018 to 2019. The achievement gap between the all students group and the Special Education group in math was reduced by 2.6 percentage points from 2018 to 2019.

Standard 4: The school has adopted a formal teacher evaluation process and adheres to the requirements set forth in Minnesota Statute 122A.40.

X	2-Meets	Meets all criteria and is adhered to.
	1-Partially Meets	Meets some of the criteria, but no evidence that process is followed.
	0-Does Not Meet	School has not adopted a teacher evaluation process.

Data / Source: School Annual Report

Analysis: Teachers are asked to reflect on their practice and set goals for their own professional development on SLC Core Practices, which include Learning Expeditions, Active Pedagogy, Culture and Character, Leadership and School Improvement, and Structures for

Continuous Learning. Director Eickman performs classroom walkthroughs several times a week, and formal observations on the following schedule:

New Teachers (less than 3 years teaching experience) - 3 observations a year, with the first occurring within the first 90 days of teaching.

Veteran Teachers (more than 3 years of successful teaching experience) – 1 observation per year, or as needed.

Improving Teachers (teachers on improvement plans) – as dictated in terms of the mutually agreed upon improvement plan, or as needed.

PROFESSIONAL DEVELOPMENT

Standard 5: All teachers are supported through a school-wide professional development plan that is based on analysis of assessment data and directly linked to improving all pupil learning and all student achievement.

X	2-Meets	The school has adopted and followed a school-wide, data-driven professional development plan.

Analysis: Social Emotional Learning

Schoolcraft offers Social Emotional Learning at every grade level. Conflict management and self-regulation skills are some of the hardest skills any person must learn, and we believe that teaching social and emotional learning to all of our students at every grade level helps prepare them to be good community members and engaged citizens. We enhance these skills in the upper grades through access to the Peacemaker Resource program, STAR (Students Teaching Attitudes of Respect) team. The STAR team members are mediators at the school and teach lessons to the younger students in areas of social and emotional learning.

Technology

Schoolcraft Learning Community continues our 1:1 technology program in our Middle School. All students also had exposure to the use of GPS Units, iPads, MacBooks, cameras, recording equipment, Skype, Voice Thread, iPhoto, iMovie, and many other technology resources.

Engaging Expeditions

Each year, the learning expeditions have become richer in integrating academic content from various disciplines. All expeditions engage the students in active learning. Our teaching staff develops expeditions based upon their passions and the passions of their students, embedding the Minnesota Graduation Standards within, while creating an in-depth study in which students can immerse themselves.

Forest Exploration

Our Forest Exploration outdoor education program is in its 4th year. Every week, students K-5 spend time in the forest, with younger students spending several hours, and older students spending a little less time. 6-8 students spend one afternoon a week for one semester each year, alternating seasons. This time included a crew circle, lesson, and exploration time. Forest classrooms encourage students to explore and interact with nature and focuses on the social emotional well-being of the student.

Music Enrichment programs

Schoolcraft offers orchestra and choir instruction to any interested students in grades K-8 and piano instruction to all K-1 students. This helps foster the love of music at an early age. We also incorporate extra experiential music time for the K-1 crews at various times throughout the year. Orchestra for students in grades 2/3 continued this past school year.

Student Led Conferences

Students are required to “show what they know” through formal portfolio presentations in front of a meaningful audience. These presentations are considered “required” for passing grades 5 and 8 and have been credited with helping prepare the students for public speaking opportunities in their future.

Special Education Inclusion

We have a strong belief in the importance of inclusion of special needs students within the classroom environment. We provide additional support in the classroom whenever possible, with “pull-out” sessions only when warranted. This enhances the strength of the community within the class for all students.

Wellness Policies

We recognize that a student who feels safe and connected to their school and is properly nourished and healthy has a greater chance of attending school on a regular basis, performing better in the classroom, and becoming a functioning member of the school-community. We continue to offer breakfast to every student and high quality lunches within our hot lunch program. All children are provided with breakfast and lunch regardless of their ability to pay.

Expeditionary Learning

Schoolcraft has contracted with EL Education, formerly called Expeditionary Learning, since our inception. The design principles and three dimensions of student achievement, along with the support for our curriculum building/design and staff training, is integral to the Schoolcraft brand. School culture is modeled and developed through our knowledge of expeditionary learning.

Small Class Sizes/Small Caring Community

Schoolcraft boasts a student to adult ratio of 6:1, with most crews being at 20 or less, which enhances student learning through smaller, less chaotic learning environments. This created an environment where one could know every student’s name. In addition, each student is encouraged to have at least one adult that they can confide in. In all past surveys, both staff

and community based, our caring community atmosphere is referenced as one of our greatest strengths. Staff meets students as they get off of the bus in the morning, and again before they leave on the buses at the end of the day. Students eat breakfast every day with their crew, giving students time to connect with their peers and the adults in their classroom in a more informal setting. Crews have “crew circle” every morning with their crews for 20 minutes. It is a time to connect, share, regroup, and get ready for a successful day at school.

FINANCIAL SUSTAINABILITY - Does the School Exhibit Strong Financial Health?

Financial Section Summary

Charter schools receive public funds and must meet generally accepted standards of fiscal management. It is VOA-MN’s duty to ensure that the schools are responsible stewards of public funds. The charter school shall provide VOA with a copy of its draft and final annual budgets and monthly cash flow projections for each fiscal year by July 1 of each fiscal year. VOA-MN shall use submitted budget and cash flow statements, along with any other relevant information, to determine if the charter school has a realistic balanced budget plan for the current year. VOA-MN shall use the financial statements presented in the charter school’s annual financial audit, along with any other relevant information, to determine if the charter school maintained a balanced budget during the prior-year. Schools are expected to have audits that are free of all findings.

Ten key financial oversight standards that every VOA-MN charter school strives to achieve are the basis for the VOA-MN Finance Award of Excellence. There were various data sources and documents examined during the review of the fiscal condition of each school. There was a review of the original budget and monthly income statement, balance sheet, check registers, cash flow projections, enrollment reports along with school board and finance committee meeting agendas and minutes. Various school reports were reviewed that were submitted to MDE for UFARS and ADM enrollment updates and projections. That examination was followed by a review of

the school financial audit reports and revised budgets. Finally, selected financial documents and practices were studied including finance related policies, appropriate use of public funds and various internal systems.

The VOA-MN determined school financial standards contained below are uniform for all VOA-MN charter schools. The standards are contained in VOA-MN Charter Contract Addendum B (School Accountability and Authorizer Oversight System) and serve as the basis for both annual authorizer monitoring of school financial health and contract renewal determinations. The authorizer monitors school performance meeting these standards on an ongoing basis and the standards will be evaluated in the annual VOA-MN Network Finance Report. The standards also serve as the criteria for contract renewal determinations and annual network award winners. The authorizer reserves the right to have flexibility to reasonably amend these standards /expectations as needed.

The school's evaluation on each standard is listed in the table below.

Financial Standard 1: The school maintains a balanced budget.

<p>Analysis: The school's original FY 2020 budget was approved by the board in March 2019 and was based on 205 ADM with a projected surplus of \$23,947. The budget was revised in March 2020 based on 198 ADM and estimating a surplus of \$11,736.</p> <p>The school's FY 2020 financial audit includes the following General Fund Budgetary highlights:</p> <p><i>During the year ended June 30, 2020, the School made revisions to its General Fund operating budget. Prior to July 1, the school board approves the budget for next year. A revised budget was necessary to incorporate data that was not available at the time of the preliminary budget.</i></p> <p><i>Schoolcraft's General Fund final budget anticipated that revenues would exceed expenditures \$24,826. The actual results for the year reported an excess of expenditures over revenues in the amount of \$36,731. Actual revenues were less than budgeted by \$114,734, and actual expenditures were \$53,177 less than budgeted; this is mostly due to Revenues from State Sources being under budget by \$122,074, Regular Instruction expenditures being under budget by \$21,849, and Sites and Buildings expenses being under budget by \$18,175.</i></p> <p>Other key financial highlights from the audit report for the year ended June 30, 2020 included the following:</p> <ul style="list-style-type: none"> <i>Net position decreased 11.0% from the prior year.</i> <i>School-wide revenues were \$2,923,722 and expenses were \$3,052,650.</i>

SCHOOL ORGANIZATION - Is the organization effective and well run?

PART I: BOARD GOVERNANCE. Effective board governance is essential to the successful start-up and operation of a public charter school. The diversity of charter school board memberships – teachers, parents, community leaders, and volunteers – heightens the importance of consistent expectations and development activities.

The authorizer regularly monitors the performance quality of the school board based on authorizer observations; interviews with the director, board and faculty; and the review of school policies, reports and board meeting minutes. A school must have a governance model that provides quality oversight by ensuring that there are checks and balances between the board and the school administrators.

A school board is responsible for developing, implementing, and assessing policy; defining sound employee relations; conducting open meetings; recognizing and conforming to the legal mandates imposed by state and federal laws; and governing within the limits of a delegation of state authority – as a nonprofit and public-school board. Additionally, the board has an obligation to assess its successes and failures; inform the public of all deliberations and decisions; promote accountability; enhance public understanding of its mission; conform to standards of ethical behavior; provide a framework for setting goals; and develop strategic plans for the accomplishment of those goals.

The VOA-MN Charter School Authorizing Program publishes annually a School Board Governance Report on their network of authorized charter schools. The purpose of this report is to be a single

annual source on the board operations and compliance of the fifteen VOA-MN- authorized charter schools. Authorizer VOA-MN also observes a minimum of two school board meetings annually.

The VOA-MN determined school board governance standards contained below are uniform for all VOA-MN charter schools. The standards are contained in VOA-MN Charter Contract Addendum B (School Accountability and Authorizer Oversight System) and serve as the basis for both annual authorizer monitoring of school board performance and contract renewal determinations. The authorizer monitors school performance meeting these standards on an ongoing basis and the standards shall will be evaluated in the annual VOA-MN Network Governance Report. The standards also serve as the criteria for contract renewal determinations. The authorizer reserves the right to have flexibility to reasonably amend these standards /expectations as needed.

SECTION PART II: SCHOOL MANAGEMENT AND OPERATIONS

Effective day to day operations of a charter school support the Learning Program. A well-run school provides an environment in which staff and students can perform at the highest possible level and more effectively reach the school's goals. Management and operations of the school will be monitored and reported by the authorizer using the Formal Site Visit Rubric. The standards also serve as the criteria for contract renewal determinations. The authorizer reserves the right to have flexibility to reasonably amend these standards /expectations as needed. Standards for Management and Operations are judged on the Formal Site Visit Rubric and monitoring of reporting compliance.

One of the most important ways VOA-MN gathers information about the schools it authorizes is through on-site visits. Site visits allow the authorizer to observe the school, hear directly from key stakeholders, and corroborate school-reported information and data. VOA-MN conducts two different types of site visits: Formal and Informal. School site visits help inform the extent to which the school is meeting the charter school contract provisions contained in the body of the contract. Formal Site Visits are typically conducted once per year by a member of the VOA-MN Authorizing Program Leadership Team.

Charter schools are required to follow many state and federal laws pertaining to all public schools and are expected to uphold all provisions of the charter school contract. VOA-MN expects compliance with legal and contractual obligations. Each VOA-MN authorized charter school shall maintain a Compliance Binder on site that includes VOA-MN defined evidence of compliance with state and federal statutes organized in the manner prescribed by VOA-MN. Additionally, VOA-MN authorized charter schools shall submit information to the authorizer in accordance with the VOA-MN prescribed Annual Submission Calendar. *This area is not calculated separately and instead is imbedded in the three sections above.*

Weighting of Performance Measures used during the contract renewal process is as follows:

- 50% weighting: Academic Program (statutory purposes, including primary purpose)
- 20% weighting: Financial Sustainability
- 30% weighting: Organization

15% governance

15% management & compliance

Contract Renewal Eligibility

VOA-MN schools must achieve 70% of points possible in the Performance Framework overall and meet the majority of standards in each performance area (Academic, Financial, Organizational Performance) to be eligible for a three-year contract renewal. VOA-MN schools must achieve 80% or greater of points possible in the Performance Framework overall and meet the majority of standards in each performance area to be eligible for a five-year contract renewal. All contract renewals will be for either three or five years. Fewer than three years does not provide enough information on which to make a renewal decision.

If a school is performing below standard to receive a three-year renewal contract, but has agreed to the authorizer terms and conditions set forth in the School Improvement Plan to correct areas of deficiency, VOA-MN may agree to extend a school's contract (not to exceed five years) to provide additional time for a school to improve performance as an alternative to termination. If sufficient school improvement is not being made by the end of the 1st year of the extension, termination proceedings will commence.
