VOA HS HAS MOVED!

On August 1st, VOA High School relocated to our new building in Northeast. We are just across the Mississippi from the old location (see the back of this newsletter for a map). Our new address is:

**2300 Kennedy St NE
Minneapolis, MN 55413
612-375-0700**

Even though we have moved, we are still the same high quality alternative program offering lots of ways for students to learn, earn credit, and make graduation a reality! We know you will find the new school building safe and a great environment for learning. If your family has any concerns about transportation to the new location, VOA staff members are happy to work with you to find metro transit routes and solutions. Main intersections near the school are Stinson and East Broadway (just north of the school) and Stinson and East Hennepin (just south of the school). We look forward to giving you a tour of the new school at our open house on September 1st, between 4 and 6:30 pm. Hope to see you there!

School Community Advisory for VOA High School

VOA High School has a goal to be the very best alternative program it can be. Continuing improvement toward this goal means students and families need to be included in our work. We hope you will consider being a part of this advisory group and guiding VOA High School into a successful future.

When: Quarterly, one hour, meetings will take place at VOA High School. The first meeting will be held September 29th at 3:00 pm

Who: VOA students, their family members, support professionals and administrators are invited to share ideas and unique perspectives.

What: Gatherings at which you can use your ideas and voice to shape our programming, policies, and our school culture and climate.

HYBRID SCHEDULE CONTINUES

VOA High School will continue with a *Hybrid Schedule* for the upcoming school year, but with a slight change. We know many students make progress more quickly when they are in-person, at school, so instead of two virtual days, Friday will be the only virtual day and in addition, it will now be a FULL day for students. Students will complete their Friday assignments asynchronously (on their own time schedule), however students must be engaged with school assignments and attendance will be recorded. Look for future updates from the school about how students will be marked present for Friday classes. VOA High School will be open to students for all 5 days of the week. Students may come to school on virtual days if they choose and have access to all teachers and support staff. We offer free breakfast and lunch to students every day school is in session.

Call our main number if you would like to know more about our schedule!
