This means students attend in-person classes on Monday, Tuesday, Wednesday, and Thursday.

Students have asynchronous class day on Friday's.

How can students be successful on asynchronous days?

- New students attend orientation to learn about student support, digital tools, and the class schedule. Already enrolled students visit their Focus Google Classroom to learn about the support, digital tools, and how to connect with technology support at VOA.
- Communicate right away with your class teachers via phone, text, or google meets, if you need additional support or have questions.
- Complete class assignments on Friday independently on your own timeline. You will be marked present for working on or completing your assignments for each class.
- Notify a teacher right away if your laptop or internet is not working.
- Call the school office if you will be absent from school Monday – Thursday or if you are unable to work on asynchronous assignments.
