WHO WE ARE

High Fidelity Wraparound Program

Wraparound is an evidence and strengths-based approach to care planning that brings together youth, their families, and their support systems (both formal and natural) to prevent out-of-home placement and keep families together safely.

10 GUIDING PRINCIPLES:

- Family Voice and Choice
- Culturally Competent
- Team-based
- Individualized
- Natural Supports
- Strengths-based
- Collaboration
- Persistence
- Community-based
- Outcome-based

WHAT MAKES WRAPAROUND UNIQUE

Wraparound differs from many service delivery strategies, by providing a comprehensive, holistic, youth- and family-driven way of responding when a youth experiences serious mental health or behavioral challenges.

WHO WE SERVE

Hennepin County youth, along with their families, who:

- Have complex needs
- Are at risk of out of home placement and/or
- Are coming home from a residential placement in the near future

FEES

This program is free to participants and is financially supported by funding from Hennepin County.

SERVICE SITE

Meetings will occur primarily in the community and at the family's home; flexible scheduling is offered to meet the needs of families.

WHO PROVIDES WRAPAROUND

Facilitators: Facilitators help families develop their Wraparound teams, lead the Wraparound process, and ensure that families have access to the services and supports they need.

Family Support Specialists: Certified Family Support Specialists work one-on-one with the caregiver to provide parent peer support while collaborating closely with the Facilitator to ensure the Wraparound process flows seamlessly with open communication.
